

Terms of use flexible childcare **juggleHUB Coworking**

1. General

juggleHUB offers its' members, clients, event coordinator and their participants a flexible childcare service complementing their regular daycare situation.

We accept children from the age of two months.

Our childcare service may only be used in combination with a coworking membership or day pass or during the coordination or participation of an on-site event.

2. Reasons for the use of our flexible childcare service

Our flexible childcare service aims to fill the gap during job or childcare-related emergencies, during closing hours of your regular daycare facility, to ease the transition back into work life after giving birth or during your daycare facilities holiday (up to a maximum of 4 weeks).

3. Conditions for use

- Childcare must be booked by 4 pm the day before, either by email (invoice address required) or via www.jugglehub.de, so that our childcare staff can be organized.
- Your child must be free of fever and any infectuous diseases. In the case that a child develops a fever while in our care, he or she must be picked up and taken home immediately.
- Parents are obligated to stay onsite. They are free to see their child to nurse, console, accompany their child to the toilet and eat together in the members kitchen.
- Childcare can only be booked in combination with a coworking desk or during the coordination or participation of an event in our space.

4. Childcare personnel

The children are cared for by experienced childcare staff. We require each employee to provide a certificate of conduct, a certificate of completion of a baby and child first aid course, references and relevant experience or professional training in the early education field.

One employee may care for up to three children. If more than three children are present, a second staff member will be onsite.

We will make every effort to maintain consistency of which employee cares for which child, but can not guarantee that a child will always be cared for by the same staff member. Prior to the first session, parents will sign a childcare contract with us.

5. Location of childcare

Childcare takes place in the JuggleHUB Coworking Space. We have a lovingly designed, safe, child-friendly play room, which is located next to, but separate from the coworking and event area. Parents will be able to interact with their children throughout the day and whenever the need arises. Our childcare staff will be able to call you, if the child is in need of consolation, assistance or nursing.

6. Childcare schedule

Monday	Tuesday	Wednesday	Thursday	Friday
9 am-5 pm	9 am-5 pm	9 am-5 pm	9 am-5 pm	9 am-5 pm

Childcare is offered for one up to six children.

To secure a spot (due to availability) we ask that you register by 4 pm the day before your desired session. In case you decide to drop in without registering, we can not guarantee you a spot. juggleHUB reserves the right to cancel childcare sessions in case of illness of our staff. Already purchased childcare hours will be refunded or can be used another time.

We are not liable for any financial consequences (e.g. client is not able to finish a business project on time) or other disadvantages that the cancellation of the childcare session causes on the client's side.

Individual needs (childcare times) can be discussed.

7. Time frames for childcare

The minimum bookable childcare unit during open sessions is 2 hours and may generally not exceed 15 hours per week. If childcare is used for less than 2 hours, the fee for 2 hours of childcare is still due. So the minimum fee per child and session is 20€ (siblings 10€).

For a period of up to 4 weeks the 15 hour limit may be exceeded, for instance during your regular daycare providers holiday closing time.

Our flexible childcare service is not a replacement for a regular daycare facility such as a „KiTa“, „Krippe“ or „Tagesmutter“.

8. Prices, payment and cancellation

The single childcare hour or part thereof costs €10 including VAT. Payment is due upon booking.

Siblings always cost 5€ per hour.

Cancellations can be made by 4 pm the day before. After that the fee will be due in full. In case your child falls ill and you have to cancel late, 50% of the fee is due, provided that a doctors note is presented. In case of late cancellation due to any other reason, the fee is due in full.

9. Educational concept

Next the parents need for short-term childcare, the need of the child for continuity, security and education is just as, if not even more important. Knowing that your child is lovingly cared for and happy gives you the peace of mind to work productively and efficiently.

We recommend visiting juggleHUB's childcare space with your child before the first booking to familiarize your child with the space, the staff and possibly with other children.

10. Nap time

We will not have fixed naptime in our schedule. Your child's need for quiet time or nap time should be communicated to our staff and they will try to accomodate. For this purpose we have a nap room

which is adjacent to the play room and is furnished with sleeping mats, a crib and even a sleeper chair for adults. Blankets, pillows and sheets must be provided by the parent for their children.

11. Insurance, liability

Since we are not a regular childcare facility bound to the rules and regulations of the state and do not need a permit of operation, the law does not require us to provide accident insurance. We highly recommend taking out an accident insurance for your child/ren.

In the case that a child is injured or hurt while in our care the child's health insurance goes into effect.

juggleHUB and its' staff are not liable for any damages or loss of items before, during or after the childcare session. Liability remains intact without restriction for damages arising from injury to life, limb or health, in all cases of malicious intent and gross negligence.

12. Severability clause

If any term of this Agreement, the juggleHUB General Terms and Conditions or contracts with juggleHUB is to any extent invalid, illegal, or incapable of being enforced, such term shall be excluded to the extent of such invalidity, illegality, or unenforceability; all other terms hereof shall remain in full force and effect. The invalid, illegal or unenforcable term or parts thereof shall be replaced as such to ensure the intent and economic success of both parties; the same holds true in case of a gap. Should current laws require the adjustment or change of any terms of this contract, both parties agree to replace the old term with the new law until a new term has been agreed upon.
